

## HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work. I had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

### TO FIGHT PLAGUE.

Massachusetts Takes Measures to Combat Infantile Paralysis.

Boston, Sept. 15.—A bill giving health authorities in all cities and towns authority to make such rules and regulations as are deemed necessary to check the spread of infantile paralysis, was passed by both branches of the legislature yesterday.

The measure was recommended by Gov. McCall in a special message after consultation with members of the state board of health.

Provision is made for the establishment of quarantine in localities where the disease has developed to an abnormal extent. It was brought out in the debate that while conditions in the state were not alarming, a total of 329 cases had been officially reported since the first of the month. Thirty-two cases, including seven in Boston, were reported yesterday.

### SLIGHT INCREASE IN PARALYSIS.

Cases Reported Yesterday 36, as Against 31 on Wednesday.

New York, Sept. 15.—The report of the progress of the epidemic of infantile paralysis for the 24 hours ending at 10 a. m. yesterday shows an increase over the low record of the previous day. There were 36 new cases and 11 deaths reported, as against 31 new cases and nine deaths for the preceding day.

## BLOTCHES BURNED TERRIBLY ON FACE

Rubbed and Made Itching More Painful. Constantly Irritated. Face Was Badly Disfigured.

## HEALED BY CUTICURA SOAP AND OINTMENT

"My skin trouble began six months ago. At that time I had only a few pimples on my face and forehead. They were in blotches on my face and they itched and burned terribly and at times I rubbed my face but this made the itching more painful. The pimples on my forehead were disfiguring and they were constantly irritated. For two months my face was badly disfigured.

"I sent for a sample of Cuticura Soap and Ointment and after using it I bought a cake of Soap and a box of Ointment. In less than two months after I used two cakes of Soap and two boxes of Ointment I was healed." (Signed) David H. Schuminsky, 17 Bedford St., Hartford, Conn., Oct. 29, 15.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

## TAFT AND ROOT IN FIGHT

Both Agree to Take Stump for Mr. Hughes in October

EX-PRESIDENT TO GO TO OHIO

He Tells the College League Why Wilson Should Be Beaten

New York, Sept. 15.—Former President William Howard Taft will take the stump for a series of speeches in support of Charles E. Hughes in October. The speakers' bureau at Republican headquarters is now working out Mr. Taft's itinerary, it was announced yesterday. It is believed he will spend some time in Ohio.

Former Senator Elihu Root also will join the Hughes speaking forces in October. It was announced that Root will make a swing through New York state.

President Taft contributed to the Republican campaign literature yesterday with a letter to the Hughes National College league.

"There are so many reasons why Mr. Wilson should not be continued at the head of the administration," wrote Mr. Taft, "that some important ones are apt to be forgotten in their multiplicity. It is of the highest importance that in the very critical issues that are to be met in connection with the ending of the war we should have a consistent and intelligible policy, of a constructive and courageous nature, and this cannot be credited to a continued Democratic administration."

"I am very glad that the Hughes National College league is actively engaged in supporting Mr. Hughes. It is a legitimate field in which to conduct agitation in behalf of the Republican candidate, because college men can naturally wield a great deal of influence if they can be stirred to taking the active part that they ought to take in an issue so vital to this country. In the Hughes National College league you should have the earnest sympathy and support of all good citizens, and I am glad to tender mine."

Chairman Willcox yesterday said he had received reports indicating that the Republicans have an excellent chance to carry North Carolina, the home state of Secretary of the Navy Daniels. Senator Smoot gave Willcox glowing reports from the West.

### GIFTS TO GREAT BRITAIN.

Steady Inflow of Cash from Former British Who Wish to Aid Cause.

London, Sept. 15.—Officials of the treasury have been surprised by the steady inflow of gifts from all parts of the empire and from former Britishers in neutral countries in the form of cash towards meeting the expenses of the war. The donors range from men and women to small boys and girls, the former sending sums amounting up as high as a thousand pounds and the latter remitting the contents of their savings banks. A total of many thousands of pounds has been sent. Sums ranging from a shilling to a thousand pounds are acknowledged with the same promptness and politeness by the treasury.

Many gifts are accompanied with notes explaining that they are designed as substitutes for personal service at the front, and one man in Canada explains that a sum of two hundred pounds is intended as payment for schooling obtained in England a half-century ago.

A firm in Sandakan, British North Borneo, sent five hundred pounds, explaining that as that territory contributes nothing toward the finances of the empire while enjoying all benefits of British protection, they wished to be allowed to discharge a portion of their obligation in this war. A Britisher writes from St. Louis in the same tone with a contribution of one hundred pounds.

The municipality of Matsqui, British Columbia, sends fifty-two pounds. The natives employed at Fanning island, who live in the Gilbert islands, have sent two gifts.

A Baptist minister in Ontario sends five dollars. From Summit, New Jersey, an American citizen sends a substantial check made payable to the British empire. A husband and wife send from China a check in four figures. From Saskatchewan an old man accompanies a check for twenty pounds with the explanation that it is to help beat the kaiser.

A little girl who writes that she is seven and has two uncles fighting, sends from an island a shilling from her savings bank. There are many gifts from officers on active service, some sending a year's pay. Among gifts from retired officers, one writes from a far country to say that he desires to aid the war fund because, after having been deaf from gunfire as a gunner officer, he had been refused active service now on account of his lack of hearing. A working man, sending twenty pounds in an anonymous letter, explains that he never believed in war loans as long as gifts would be accepted.

Many of the gifts are sent in the form of monthly donations, one man in Asia having instructed his bankers to remit a certain sum to the treasury monthly until the end of the war. Among anonymous contributions are those for 5,000 and 4,350 pounds respectively, among the few mentioned. The women are contributing generously, one sending a check for a hundred pounds and declining exchequer bonds in exchange. A number of handsome, even princely gifts, from India are acknowledged by almost every mail.

### Useful to Him.

"I used a word in speaking to my wife which offended her sorely a week ago. She has not spoken a syllable to me since," said a sad husband to a friend. The friend's face instantly lighted up and he asked:

"Would you mind telling me what it was?"

## The New Eight-Cylinder Cadillac Has Arrived

THERE is one thought in connection with the coming of this new Cadillac which we would like you to grasp at once.

With the advent of this car, the Cadillac "Eight" enters upon its third successive season, with no radical change in the basic principles of its design.

This is perhaps the first time such a thing has happened in motor car development, and you will quickly see its significance as applied to the Cadillac.

Quite properly, we believe, the world has always looked to the Cadillac Company for advanced ideas, improved practice and progressive principles.

The fact, therefore, that the Cadillac car has proven itself beyond the need of radical change is, in itself, too impressive and too illuminating to call for comment.

It does not, by any manner of means, imply that the Cadillac process of refinement has come to a conclusion. In a multitude of ways, this is a better, finer Cadillac than any which has preceded it—the subject of unremitting research and scientific betterment in scores of details.

What the absence of radical change really means, is that the underlying principles of Cadillac V-type eight-cylinder construction have been proven fundamentally sound by the performance of 31,000 cars.

It means that the Cadillac Company, with resources at its command probably superior to those possessed by any other motor car plant in the world, has arrived at the deliberate judgment that the kind of a motor car which it is now building represents a higher degree of efficiency than any other in existence.

It means that this is the joint judgment of every expert mind associated with this Company. It expresses the judgment of 31,000 owners who cannot conceive of any respect in which Cadillac principles could be changed to their advantage.

The new Cadillac conforms to the finest Cadillac traditions, down to the least and last of details—and it advances them still more closely toward perfection.

It is a beautiful car to look upon.

The superior riding qualities, with which you are familiar, are enhanced and intensified.

The driving ease of last year and the year before, accentuated by the longer wheelbase of the new car, is more marked than ever.

It is doubtful if motoring can give rise to a situation which can successfully challenge Cadillac powers.

The old feeling that it is folly to seek further—the old sense of security that the Cadillac represents the uttermost in a motor car—will come over you more strongly than ever.

We are serenely confident of the exhilaration and enthusiasm which you will experience on the occasion of your first ride in this unusual car.

### MAINE POTATO CROP PROMISING.

Aroostook Yield Will Be of Best Quality—Prices High.

Augusta, Me., Sept. 13.—E. A. Rogers, assistant state dairy instructor and in charge of the potato seed inspection, has returned here from Aroostook county and is very enthusiastic over the potato crop outlook. He said:

"The Aroostook potato crop is going to be one of the finest I ever saw. I do not mean that it will be the biggest, or the potatoes the largest in size, but the vegetables themselves are about the cleanest and the best flavored I've ever seen. The prices are almost unheard of for the first of September, the farmers having been getting \$2 to \$2.75 per barrel. At least 75 per cent of the Cobblers have

already been dug and shipped, which means that the southern growers who want the Cobblers for seed will have to buy early and pay handsomely for the seed or go without.

Most of the mountain varieties are not ready. Many of the fields will yield 150 barrels to the acre. The yield for the entire county will be somewhat below that of last year.

"The demand for certified seed has been

and is big and most of it has already been sold."

Reports from Fort Fairfield state that potatoes have been coming into that market for the past few days in ever increasing numbers. The prevailing price is from \$1.80 to \$2 per barrel. The difficulty in securing cars for shipment is now not so great at the big shipping points.

### FOUR DEAD IN DETROIT FIRE.

Many Others Have Narrow Escape When Salvation Army Barracks Burn.

Detroit, Sept. 15.—Four men are dead and a score of others narrowly escaped from a fire which swept the Salvation Army industrial building early yesterday. About seventy-five persons were in the building when the fire was dis-

covered. Most of them were on the second and third floors. One of the men

who jumped from a top story may die. The property loss was nominal.
